

# NEW MONEY-SAVER

*for S.P. Passengers!*

A special car on this train offers a convenient new way to snack or enjoy a light meal *whenever you feel like it*—dispenses food and beverage items from self-service vending machines. Your porter will be pleased to direct you to this car. You may enjoy your food there—or if you wish, take it to your seat on a tray. An attendant will be on hand to assist you or make change for you.

Menu items may vary from trip to trip so selections shown with menu suggestions on the reverse side may not always be available.

**Southern  
Pacific**
